

## MONOGRAMS BACK AT WHITEFACES

TELL HEREFORD AGGREGATION TO GET IN OR OFF, POCO PRONTO

Noting an open letter in a recent issue of the sporting columns of the Daily News as to terms offered the Hereford Whitefaces, we are enclosing an exact copy for publication.

Amarillo, Texas, May 10, 1913  
Mr. Wiley Jones,  
Mr. Hereford Whitefaces,  
Hereford, Texas.

Dear Sir:—  
Noting your open letter through the Amarillo Daily News accepting our challenge in a previous issue of the News. We are booked for every Sunday, so will play you May 30 at Amarillo on the following terms: Winner to take all gate and grand stand receipts after expenses of \$5 for balls, \$5 for advertising and 10 per cent for park rental is deducted from gross receipts.

Let us hear from you if terms and date are agreeable.

Yours truly,  
C. R. KLEIN

I further wish to announce to the fans of Amarillo that it is going to be the policy of the Santa Fe Monograms to give at every one of their games this season, their money's worth and keep out all the joy riding, sight and pleasure seeking ball chums from Amarillo and further from annoying the fans at Amarillo with unduly baseball.

The Monogram management wishes to state it is of very little trouble to get a ball club of the above mentioned caliber by guaranteeing their hotel and railroad expenses, also standing good for all expenses of ball, advertising, park rental, etc.

So this is the Hereford Whitefaces' answer to your open letter. The fans of Amarillo with such hope as you have been producing.

C. R. KLEIN

### New Thought Rare

A new thought is a very rare thing, and it would be a magnificent creature to catch. The only thing I can think of that one would really call "new thoughts" would be certain celebrated jokes, certain scientific discoveries and a few less frequent cases of a really original argument used in an old controversy.—C. K. Chesterton.

### Painting the Lily

A New York jokester has written a new libretto for one of Verdi's operas. The next we know some sure-fire sharp from Tinpan Alley will be tickling up the music.

## Stengel, Brooklyn Center Fielder

NEW YORK, May 20.—President Elberts of the National League team in Brooklyn has had another stroke of luck. He has found in Stengel, center fielder, a cheap recruit from the Southern League what seemed to be a great baseball player. The young man jumped right into the class of 300 batters in the first few games he played and in the first four weeks of the season he has remained there. It is believed that the price for this player who may prove one of the sensations of 1913, was \$500. He might be sold today for eight times that sum.

Elberts or his managers have discovered as many great players as any other chiefs of a big league team in two leagues in the past few years. There is Nap Rucker, for instance, the equal of any left-handed pitcher in the business. There is Daubert, the best first baseman now playing—since Hal Chase the New York American League team is not doing his best. Somehow, though, Elberts can't win a pennant.

"The reason is plain," said a Brooklyn fan. "While he has the faculty of finding great players, he won't pay them good salaries. A young fellow who has proven he is worth \$4,000 a year becomes discouraged if he fails to get more than \$1,500. After a couple of years of this kind of treatment the manager to whom \$500 a year will sell the next year finds it impossible to order the man of his former standard."

A slight cold in a child or a grown-up holds possibilities of the gravest nature. Croup may come on suddenly in the night, bronchitis or pneumonia may develop, and severe enteral troubles and consumption are possible results. Foley's Honey and Tar Compound cures a cold at the outset, cures croup quickly, checks a deep-seated racking cough, and heals inflamed membranes. It does not constipate and contains no opiates. ## Jack Britton

Jack Britton, the Chicago light-weight, who has beaten every one he met in the ring in the last year, except Frankie McFarland, and his manager, Dan Morgan, have been trying for months to get either Willie Ritchie the American light-weight champion, and Freddy Welsh, the British light-weight champion, into the ring with him. Neither will listen.

Welsh was in New York for some weeks after his return with the English title and Britton went after him. A club in that city offered him \$5000 to meet Britton and he slipped away to fight a lemon in Canada. Ritchie is very busy with vaudeville work. His latest statement on the subject is to the effect that Leach Cross of New York is entitled to a fight, but Britton doesn't figure. When it is considered that Britton beat Cross easily the kind of reasoning the champion is employing may be understood.

"I think Britton can beat Luther McCarty," said Dan Morgan's manager. "That sounds queer doesn't it? Well McCarty would never touch him. He would outpoint the alleged white champion in ten rounds. He knows so much more."

## LEAGUERS PLAY MONNIES SUNDAY

TWO OF CITY'S FASTEST TEAMS WILL TRY ISSUES AT GLENWOOD PARK

"Whoops, my dear, sit up and take nourishment. On next Sunday afternoon at Glenwood, on the field made famous by the White Sox battle and the recent set-to with Topeka, the Monograms and Amarillo Leaguers will go together for one of the hardest fought games of the present diamond season.

Manager Coates of the Monograms asserted and asseverated last night that his aggregation is in fit-as-a-fiddle shape for the contest, and that they purpose putting over the Leaguers in such shape as to be readily understood.

To the direct contrary, the Leaguers declare that they are going to out-Topeka the victory won by the Kansas last Sunday and that the much-touted Monnies are going to look like a bunch of plucked pennies.

All of which remains to be proved or disproved. It indicates, at any rate, that there is going to be something dishing, and Fandom is given advance warning that the little show is going to be worth the money.

Michigan League Starts Season  
MANISTEE, Mich., May 20.—This was the opening day of the season for the Michigan State Baseball league, Muskegon playing at Lullington, Traverse City at Hayne City and Cadillac at Manistee. One hundred and twenty games will be played during the season which will close September 14.

BASEBALL CHATTER

The champion Lawrence team is piling up a big lead in the New England League race.

The Pirates will have to start something if they intend to live up to their reputation as pennant contenders.

Seldom does a youngster make a better showing in the major leagues than has Pitcher Ray, of the Highlanders.

Mike Donlin, who is on the Philadelphia reserve list, says that he would like to have another trial with the Giants.

Johnny Kling's fancy backstopping and batting should help Joe Tinker's Reds slap one on the enemy now and then.

Pitcher Cliff Curtiss, a veteran of many campaigns, is helping the Brooklyn Superbas climb the ladder by clever work on the slab.

Charley O'Leary is doing great work for the Cardinals in knocking them down from every angle.

In only two of the first 20 games did Eddie Collins, of the Athletics, fail to make a hit. He is leading the American League in batting.

Clark Griffith's Washington "Clubs" ran into a snap or two on their Western trip, came right back and are still out to cop the muds.

The St. Paul team leads the American Association in club batting and stands second in club fielding, but is having its trouble keeping out of the cellar at that.

Briace Lord, who helped the Athletics win a world's championship, is back in the big show, this time with the Boston Braves. He was with Baltimore last season.

Little old links has fallen off the fence into the Cleveland ball yard. Just as the Naps began to show some class Manager Birmingham broke a leg and Laddie split a finger.

Manager Jennings, of the Tigers, will try out a new first-baseman, Mr. Phipps from Kalamazoo. It is said Mr. Phipps was a considerable ball player in the Southern Michigan League.

While the Cubs were playing in New York recently, Charley Murphy, the Cubs' bus appeared at the polo grounds decked out in gorgeous regalia the likes of which Gotham has never seen before.

His Ed' Walsh was in 60 games last season, but he is not feeling well and sprang and Manager Callahan fears that Ed will not be able to take part in more than 35 or 40 games this year.

Buffy Lewis, the Red Sox left fielder, has a great throbbing arm. In a recent game in Detroit Buffy doubled up a man at first base, and later in the same game he got Ty Cobb at the plate.

So far this season the Phillies have been the hardest team for National League warriors to beat. And before the season opened the dope was peddled around that Connie's crew would never see the first division.
